Brad Thor, one of the best thriller authors on the planet, has already written sixteen novels. Fifteen of those books, including *Foreign Agent*, are part of Thor’s bestselling Scot Harvath series.

While other long-running franchises eventually start to lose their steam and go down in quality, Thor, amazingly, continues to get better over time. With no indication that he’ll slow down anytime soon, the author just announced his next novel, *Use of Force*, which is scheduled to hit bookstores everywhere this June.

*As a storm rages across the Mediterranean Sea, a terrifying distress call is made to the Italian Coast Guard. Days later, a body washes ashore.*

*Identified as a high value terrorism suspect (who had disappeared three years prior), his name sends panic through the Central Intelligence Agency.*

*Where was he headed? What was he planning? And could he be connected to the “spectacular attack” they have been fearing all summer?*
